

Member And A Unique Opportunity

by Lynne Belluscio

Everyone keeps asking if I will publish some of the Pennysaver articles. Well, I've chosen 56 articles and they are now being printed in the first issue of the "LeRoy HistorySaver."

I have had to edit many of them and what I thought would be an easy project has turned into a challenge - not just for me, but also for Rachel at the Pennysaver who is putting everything together. And Terry, who usually does my articles for the Pennysaver has been roped into finding old photographs and files. When it's all done, it will make a great bathroom reader.

I've included the first article that was ever written in November 14, 1888, "Myron Pierson's Diary and Sword," and the first flamingo story, "The Day the Flamingos Returned to LeRoy." I've been able to clear up a few mistakes and update some of the information. Considering that there are over 1,300 articles to choose from, it has been difficult to decide which ones to include. There is no rhyme or reason for the articles that are included.

As a tribute to Dave Grayson and LP Graphics, who have generously donated the space for each article, each week, the format of the LeRoy HistorySaver is like the LeRoy Pennysaver. Each of our business members has an ad and I've written a page of "Classified" ads with historical facts and other interesting information.

If you are interested in obtaining a copy, you will have to become a member of the Historical Society at the \$50 level. Or if you

are a life member of the Historical Society, you will have to make a \$50 donation. Also, those people who will make a United Way donation of \$50 (in either the Rochester Spring campaign, or the fall Genesee County Campaign) will receive a copy of the HistorySaver. The LeRoy History Saver will be mailed out at the end of February.

Of course, regular family memberships at \$35 and student and senior citizen memberships at \$25 are still available. All memberships help support the library, archives, education programs, and exhibits, as well as maintain the historic LeRoy House and the Academic Building and Memorial Gardens.

SERVICE ABOVE SELF

Observations Through the Bottom of the Bottle

July 13, 1902. I have noticed that the water in the car is not as sparkling as the old car. That is not to mention the fact that it is not so good for the car. The water in the car is not so good for the car. The water in the car is not so good for the car.

It is the water in the car, not the car itself. The water in the car is not so good for the car. The water in the car is not so good for the car. The water in the car is not so good for the car.

Ernest's Post Office

In 1887, the yearly receipts of the LeRoy post office... In December, Woodford was asked to accept additional land... The original Post Office, before Ernest Woodford intended and had the roof and ball tower added.

In the meantime, plans were being drawn up by Ernest Woodford... The original Post Office, before Ernest Woodford intended and had the roof and ball tower added.
