

# Barn Quilt Workshops

by Lynne Belluscio

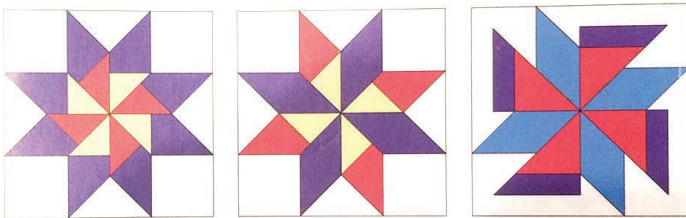

A few weeks ago, we held a very successful barn quilt workshop at LeRoy House and we have been asked to offer a couple more. These barn quilts are "mini" quilts 2 feet by 2 feet. They are painted on 1/2 inch plywood, which we will have sanded and primed, ready to be painted. We will have about 10 different paint colors that can be used. Colors that we have are dark purple, red, white, blue, bright green, yellow, pink, and brown. If you decide to bring paint with you, it should be water-base acrylic exterior satin. We will supply foam brushes. You may wish to bring small detail brushes.

Four-square quilts designs are fairly simple, but can be very dynamic depending on the choice of colors and the arrangement of the pieces. The same is true

for a nine-square design and the eight-pointed star. Some people may want to work out their design and colors ahead of time. The best way is to use some crayons or markers to work out the design. It is important to remember that these barn quilts are small, so the "pieces" are only inches and if they are to be seen from a distance, really small pieces can't be seen.

To register for a class, call 768-7433. Classes are limited to 16 people. You may register for all three classes. All classes are held at LeRoy House.

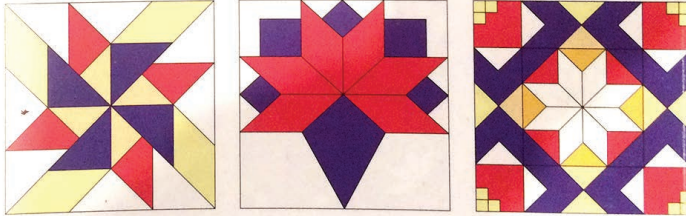

Wednesday night - October 5  
 6 to 9 pm - 4-square design \$25  
 Sunday afternoon - October 9  
 1pm to 4 pm - 8 pointed star \$25  
 Tuesday night - October 11  
 6 to 9 pm - 9-square design \$25
